Permit to Move Live Plant Pests, Noxious Weeds, and Soil
Interstate Movement
Regulated by 7 CFR 330

This permit was generated electronically via the ePermits system

PERMITTEE NAME:	Dr. Patrick Moran	PERMIT NUMBER:	P526P-18-02441
ORGANIZATION:	USDA-Agricultural Research Service	APPLICATION NUMBER:	P526-180417-012
ADDRESS:	800 Buchanan Street USDA-ARS, WRRRC, ISPHRU Albany, CA 94710	FACILITY NUMBER:	N/A
MAILING ADDRESS:	800 Buchanan Street USDA-ARS, WRRRC, ISPHRU Albany, CA 94710	HAND CARRY:	No
PHONE:	510-559-6393	DATE ISSUED:	06/15/2018
FAX:	510-559-5963	EXPIRES:	06/15/2021
DESTINATION:	USDA-ARS, WRRRC, ISPHRU, 800 Buchanan Street, Albany, CA 94710		
RELEASE:	USDA-ARS, WRRRC, ISPHRU, 800 Buchanan Street, Albany, CA 94710		

Under the conditions specified, this permit authorizes the following:

<u>Regulated Article</u>	<u>Life Stage(s)</u>	<u>Intended Use</u>	<u>Shipment Origins</u>	<u>Originally Collected</u>	<u>Culture Designation</u>
Megamelus scutellaris	Adult, Egg, Nymph	Release - Biocontrol	FL	Originally Collected from Foreign Locations	Waterhyacinth delphacid

PERMIT GUIDANCE

- 1) This permit does not authorize importation, interstate movement, possession, and/or use of strains of genetically engineered regulated organisms (created by the use of recombinant DNA technology).
- 2) If an animal pathogen is identified in your shipment, to ensure appropriate safeguarding, please refer to http://www.aphis.usda.gov/import_export/animals/animal_import/animal_imports_an_products.shtml
- 3) If a human pathogen is identified, please refer to the CDC Etiologic Agent Import Permit Program at <http://www.cdc.gov/od/eaipp/>
- 4) This permit does not fulfill the requirements of other federal or state regulatory authorities. Please contact the appropriate agencies, such as the U.S. Environmental Protection Agency, the U.S. Fish and Wildlife Service, the U.S. Food and Drug Administration, the Centers for Disease Control and Prevention, the APHIS Veterinary Services unit, the APHIS Biotechnology Regulatory Services, or your State's Department of Agriculture to ensure proper permitting.

Permit Number P526P-18-02441

THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING PPQ HEADQUARTER OFFICIAL VIA EPERMITS.

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

5) If you are considering renewal of this permit, an application should be submitted at least 90 days prior to the expiration date of this permit to ensure continued coverage. Permits requiring containment facilities may take a longer period of time to process.

PERMIT CONDITIONS

USDA-APHIS issues this permit to Dr Patrick Moran, USDA Agricultural Research Service, WRRC, Exotic and Invasive Weeds Research Unit, 800 Buchanan Street, Albany, CA 94804. This permit authorizes the interstate movement of *Megamelus scutellaris* from verified sources (primarily, Florida) within the continental United States, (excludes Hawaii and territories and possessions) to the Permit holder Dr Patrick Moran, and further authorizes the release of *Megamelus scutellaris* into the environment in the State of California, subject to the following conditions.

1. • This permit is issued by the United States Department of Agriculture's Animal and Plant Health Inspection Service (APHIS). It conveys APHIS regulations and requirements for the material(s) listed on this permit. It does not reduce or eliminate your legal duty and responsibility to comply with all other applicable Federal and State regulatory requirements.
 - The permit number or a copy of the permit must accompany the shipment.
 - You must be an individual at least 18 years old, or legal entity such as partnership, corporation, association, or joint venture.
 - You are legally responsible for complying with all permit requirements and permit conditions.
 - If you violate any applicable laws associated with this permit, you may face substantial civil or criminal penalties. We may cancel all current permits and deny future permit applications.
 - Without prior notice and during reasonable hours, authorized Federal and State Regulators must be allowed to inspect the conditions associated with the regulated materials/organisms authorized under this permit.
2. The permit holder must:
 - maintain a valid PPQ526 permit so long as the regulated materials/organisms are received, handled, and released,
 - take appropriate precautions to release regulated materials/organisms only at intended release sites,

Permit Number P526P-18-02441

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

- not assign or transfer this permit to other persons without APHIS PPQ authorization,
- maintain an official permanent work assignment, residence, or affiliation at the address on this permit,
- notify the Pest Permit Staff as soon as possible of any change in the permit holder's work assignment, residence, or affiliation,
- notify the Pest Permit Staff of the receipt of unauthorized and/or misdirected shipments of regulated materials/organisms.

Notifications to the Pest Permit Staff must be made via 866-524-5421 or pest.permits@aphis.usda.gov within one business day of the event triggering a notification.

3. All packages for transport must minimally consist of both inner/primary and outer/secondary packages securely sealed so that both are effective barriers to escape or unauthorized dissemination of the listed materials/organisms. The inner/primary package(s) will contain all regulated materials/organisms and must be cushioned and sealed in such a way that it remains sealed during shock, impact, and pressure changes that may occur. The outer/secondary shipping container must be rigid and strong enough to withstand typical shipping conditions (dropping, stacking, impact from other freight, etc.) without opening.

Place a copy of this permit with each shipment.

4. This permit authorizes the interstate movement of only *Megamelus scutellaris*, and does not authorize other species.

All such organisms received must be directly from sources/localities within the Continental U.S. (excludes HI and territories of the United States); that is they must be from laboratory colonies located within the continental US or must have been field collected from sites located within the continental U.S.

5. Prior to shipping Regulated Articles, OR prior to release in the field, the identity of weed biocontrol agents intended for release shall be verified by a qualified individual, such as a qualified federal or state official or other person sufficiently familiar with these species to reliably identify life stages shipped compared to other (similar) species.

Only the regulated articles listed above and associated host plant parts shall be released in the field. Other biological and non-biological materials in the shipment (contaminants), if any, shall be separated out by a reasonable and effective means which results in elimination and minimalizing of contaminants released in the field.

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

All such contaminants culled from received shipments shall be destroyed or at minimum double bagged and submitted to the municipal/local waste stream.

6. Host plant parts are authorized to be included in the shipments of regulated organisms. Shipments shall be free of propagative host plant parts as much as practical, except that propagative host plant parts are authorized to be included in the shipments of regulated organisms when these organisms normally live within a propagative plant part.
7. The permit holder must document and retain records of all releases, and make them available to Federal and State regulators upon request.
